REGULATIONS GOVERNING CLAIMS FOR REPLACEMENT OF VALUABLES, OR THE VALUE THEREOF, SHIPPED PURSUANT TO THE "GOVERNMENT LOSSES IN SHIPMENT ACT"

AUGUST 13, 1937.

To the Heads of the Executive Departments, Independent Establishments, Agencies, Wholly-Owned Corporations, Officers and Employees of the United States, Federal Reserve Banks When Acting on Behalf of the United States or Agencies Thereof, and Others Concerned:

The following regulations are prescribed pursuant to section 6 of the Government Losses in Shipment Act, Public

No. 192, 75th Congress, First Session, approved July 8, 1937, hereinafter referred to as the "Act." All terms used in these regulations shall have the same meaning as when used in said Act, unless otherwise indicated.

1. *General Instructions.*—To facilitate the reporting of loss or destruction of, or damage to valuables and submission of proofs of claim for relief, under the provisions of section 3 of the Act, in the event of loss or destruction of, or damage to valuables shipped pursuant to the regulations prescribed under section 1 of said Act, executive departments, independent establishments, agencies, wholly-owned corporations, officers, employees, Federal Reserve banks when acting on behalf of the United States or agencies thereof, and others concerned, hereinafter sometimes referred to as "Consignors," should observe strictly the following instructions. Failure on the part of any consignor or agent or employee thereof to comply with these instructions may retard recoveries and may under the circumstances preclude reimbursement from the Fund or other relief under the Act, and render the consignor responsible for any loss occurring through such negligence.

2. *Method of Shipment.*—All shipments shall be made in accordance with the terms of Treasury Department Circular No. 576—Post Office Department Circular No. REG. 1, dated July 16, 1937, and such amendments and supplements thereto as may, from time to time, be promulgated.

3. *Preparation of Shipment.*—Each shipment must be inspected and verified by two responsible employees before final preparation for delivery to the carrier (to wit, before sealing, locking, etc.) and must be finally prepared for such delivery in their presence and before leaving their immediate control. In the case of any class of shipments with respect to which it is not possible or practicable to comply strictly with the foregoing requirement, it shall be the duty of administrative officers to make adequate provision, through the establishment of accounting controls, or otherwise, for the maintenance of basic records from which they will be in a position to prove to the satisfaction of the Secretary of the Treasury the exact extent of loss, destruction or damage, in the event that claim for replacement out of the Fund, or otherwise, shall be made. The foregoing requirements will apply irrespective of the carrier or method of transportation employed in making shipments.

4. *Record of Shipment.*—A permanent record of each shipment must be maintained by the consignor which record must include: (1) the name and address of the consignee; (2) a complete description of the contents (if the shipment comprises securities, the record must be maintained by issue, series, denomination and serial number, and a description of the coupons, if any, attached to such securities at the time of shipment); (3) face or par value of shipment in the case of securities, currency, etc., or replacement value in the case of other valuables; (4) the registry number or the lock and rotary numbers, if any, under which shipped; (5) the number of the registry receipt or other receipt of carrier;

An immediate report of the loss, destruction or damage should also be made by the consignor to the agent in charge of the nearest United States Secret Service office and to the local post office or local office of other carrier. Government officers reporting losses to such agencies will be expected to cooperate therewith to the fullest extent in facilitating investigations and recovery.

As expeditiously as possible and without further instructions from the Secretary of the Treasury, the consignor should proceed to place a tracer on the shipment and to take such other action as may be deemed necessary or advisable to facilitate recovery.

8. *Claim for Replacement.*—Claim for replacement shall be made in writing to the Secretary of the Treasury and

domestic vintage wine stocks now in your possession which are being, or may be, bottled or packed by you under a vintage date.

In the event that you have in your possession no stocks of wine which may be bottled or sold under a vintage date, indicate this fact on the report and return the same to the Administration.

Your attention is called to the fact that, under Article I (h) of Regulations No. 4, a vintage date may be stated only on a "light wine", a "fortified wine", or a "sparkling wine" made by natural fermentation exclusively. Your attention is also called to the fact that, under Article I (h), "vintage wine" means only a "wine made wholly from grapes gathered in the same calendar year and grown and fermented in the same viticultural area", as well as to the fact that permission to label such wines with vintage dates is strictly limited to the conditions prescribed in Section 39 (b) of Regulations No. 4.

It is essential to file this form with the Administration promptly, as the information furnished will constitute a basis for enforcement of the provisions of the regulations dealing with appropriate use of vintage dates.

[Docket No. A-56-056]

NOTICE OF HEARING WITH RESPECT TO A PROPOSED MARKETING AGREEMENT AND A PROPOSED ORDER REGULATING THE HANDLING OF POTATOES GROWN IN CERTAIN COUNTIES IN THE STATES OF COLORADO, NEBRASKA AND WYOMING

Whereas, under Public Act No. 10, 73rd Congress, as amended and as reenacted by the Agricultural Marketing

Agreement Act of 1937, notice of hearing is required in connection with a proposed marketing agreement or a proposed order, and the General Regulations, Series A, No. 1,¹ as amended, of the Agricultural Adjustment Administration, United States Department of Agriculture, provide for such notice; and

Whereas, the Secretary of Agriculture has reason to believe that the execution of a marketing agreement and the issuance of an order will tend to effectuate the declared policy of said act with respect to the handling of potatoes grown in the counties of Alamosa, Conejos, Costilla, Delta, Eagle, Garfield, Larimer, Mesa, Montrose, Morgan, Pitkin, Rio Grande, Saguache, and Weld in the State of Colorado; the counties of Sioux, Morrill, Banner, Dawes, Box Butte, Kimball, Sheridan, Garden, Cheyenne, Cherry, and Scotts Bluff in the State of Nebraska, and the counties of Goshen, Niobrara, Parke, and Laramie in the State of Wyoming;

Now, therefore, pursuant to the said act and said general regulations notice is hereby given of a hearing to be held on a proposed marketing agreement and a proposed order regulating the handling of potatoes grown in the counties of Alamosa, Conejos, Costilla, Delta, Eagle, Garfield, Larimer, Mesa, Montrose, Morgan, Pitkin, Rio Grande, Saguache, and Weld in the State of Colorado; the counties of Sioux, Morrill, Banner, Dawes, Box Butte, Kimball, Sheridan, Garden, Cheyenne, Cherry and Scotts Bluff in the State of Nebraska, and the counties of Goshen, Niobrara, Parke and Laramie in the State of Wyoming in the Senate Chamber, State Capitol, Denver, Colorado, on August 24, 1937 at 9:30 a. m., mountain standard time, and in the Oddfellows Hall auditorium, Scotts Bluff, Nebraska, on August 25 at 9:30 a. m., mountain standard time.

This public hearing is for the purpose of receiving evidence as to the general economic conditions which may necessitate regulation in order to effectuate the declared policy of the act and as to the specific provisions which a marketing agreement and order should contain.

The proposed marketing agreement and the proposed order each embodies, in similar terms, a plan for the regulation of such handling of potatoes grown in the above mentioned counties in the States of Colorado, Nebraska and Wyoming as is in the current of interstate commerce, or which directly burdens, obstructs or affects interstate commerce in such potatoes. Among other things, the proposed marketing agreement and order provide for: (a) the establishment of a Control Board and District Committee, (b) prohibition of shipment of "cull" potatoes, (c) further grade and size regulations of shipments, (d) expenses of administration, and other matters relating to the handling of potatoes in the aforesaid area.

It is hereby declared that an emergency exists in the handling of potatoes in the aforesaid area which requires a shorter period of notice than fifteen (15) days; and it is hereby determined that the period of notice given is reasonable under the circumstances.

Copies of the proposed marketing agreement and proposed order may be inspected in or procured from the office of the Hearing Clerk, Room 0318, South Building, United States Department of Agriculture, Washington, D. C.
